

Education / Workforce Training

Citronelle High School

Citronelle High School ranks in the top 20% of Alabama High Schools based on the annual ratings of School Digger, a rating system based solely on academics. Citronelle High's "4 star" rating shows it is academically superior to competing High Schools within 26 miles of Citronelle including Blount, Vigor, and Mary G Montgomery High School in Mobile.

Construction is currently underway for a new \$25 million high school.

The state's 2015-16 Milken Educator Award was presented to Dr. Melody Tucker, the Science Department Chair at Citronelle High School. Tucker, who teaches regular, Honors and AP Biology as well as Honors Anatomy and Physiology, is an Alabama New Teacher Mentor, participates in the Alabama Math, Science, and Technology Initiative (AMSTI), and organizes a summer program for at-risk students. Her students at high-poverty Citronelle High School maintain a 93% pass rate.
